HALO X-ray Diffraction Automated Alarm Resolution

Accelerating Checkpoint Screening Operations

HALO HXT264 in-line XRD alarm resolving system

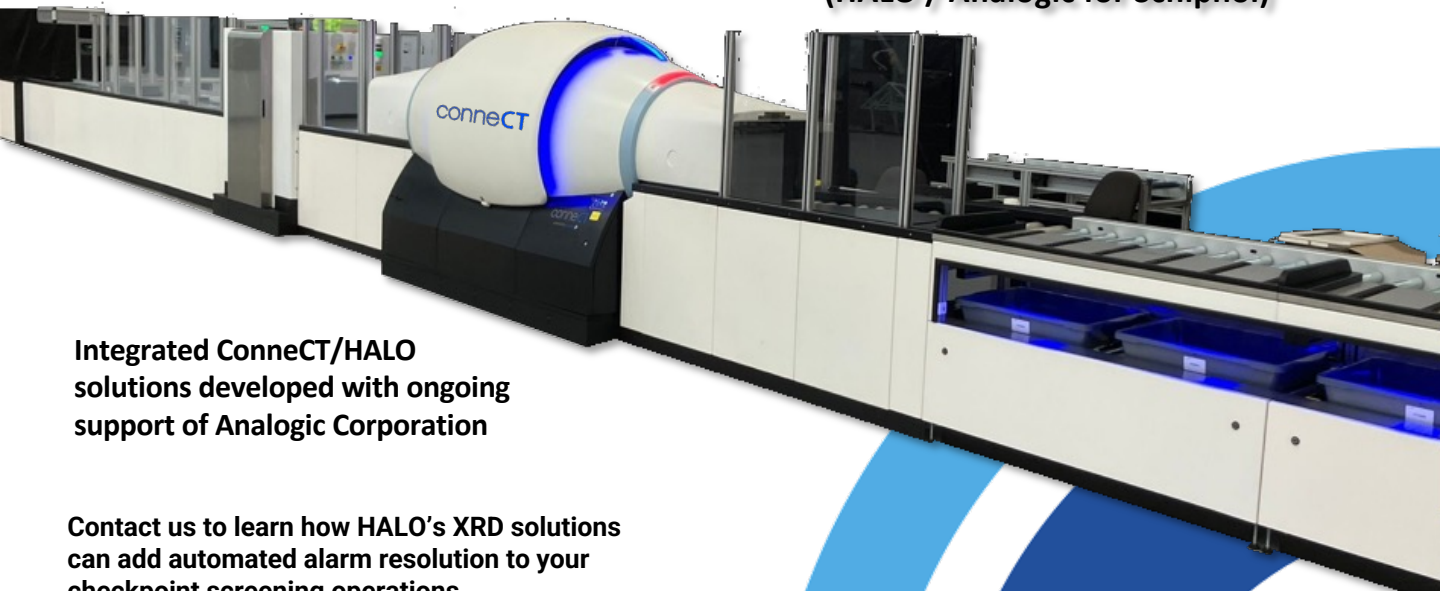

Integrated CT/HALO solution (HALO / Rapiscan / Vanderlande for CPH)

Integrated CT/HALO Solutions Reduce False Alarm Rates by ~4x

- Automates Checkpoint CT Alarm Resolution
- Adds Through-Barrier Materials Identification
- Increases Checkpoint Throughput

**Integrated CT/HALO lanes at Copenhagen Airport
Amsterdam Schiphol Airport coming soon**

Integrated CT/HALO solution (HALO / Analogic for Schiphol)

Integrated Connect/HALO solutions developed with ongoing support of Analogic Corporation

Contact us to learn how HALO's XRD solutions can add automated alarm resolution to your checkpoint screening operations
